

Booklist IBA Block 3A/3B 2024-2025

Course	ISBN	Title
BT1210 Economics	<p>- Print only ISBN: 9781319544294 <i>Microeconomics 4e</i></p> <p>- Print + Achieve ISBN: 9781319557157 <i>Microeconomics 4e & Achieve for Microeconomics 4e</i></p> <p>- Achieve only ISBN: 9781319545871 <i>Achieve for Microeconomics</i></p>	<p>Required study material: Goolsbee, Levitt, and Syverson, <i>Microeconomics</i>, 4th Edition (International Edition)</p> <p>Supplementary study material: Achieve, the online study platform for the textbook. The platform has useful exercises, videos, general study advice, and tips. Note on Achieve : Feedback from prior-year students has indicated that for almost all of them the exercises in the book provide already sufficient study material..</p>
BT1209 Finance	ISBN: 9781526849915	<p>David Hillier, Stephen Ross, Randolph Westerfield, Jeffrey Jaffe, and Bradford Jordan (2024) <i>Corporate Finance: 5th European Edition</i>, McGraw-Hill.</p> <p>Note 1: McGraw-Hill offers the e-book for a reduced fee (this will likely be €30 for 360 days of access). More details will follow on this course's Canvas page.</p> <p>Note 2: Until two years ago, we recommended you to purchase the e-book or print edition combined with a sufficient number of days of access to Connect, so you could practise more exercises (on Connect). As per the academic year 2022/2023, we work with 'MasteryPaths' in Canvas, which means we offer more exercises in Canvas, which in turn means the added value of Connect as a platform for practising decreases. Now that we use the MasteryPaths, we no longer support Connect as a platform for practising exercises for this course. Hence, would you purchase a print version of the textbook, then do not purchase the additional access to Connect for this course.</p> <p>Note 3: This textbook will also be used in your second year's Corporate Finance course.</p>
BT1207 Philosophy of Science	ISBN: 9789086662654	<p>T. van Willigenburg (2012) <i>Introduction to the Philosophy of the Management Sciences Utrecht: Kant Academy</i></p> <p>The book was specially made for this course and</p>

		outlined the basic content for the course. The book will be made available through STAR and Studystore.
BT1212 Spreadsheet Modelling	n/a	No literature required
