In this context, the

- Examination Board may establish and publish a Trimester 7 Electives list with approved courses and projects and further policies and approval procedures.
- c. The courses of Trimester 7 should only have limited overlap at maximum of content with another course of the degree programme: for example, it is not allowed to do a second internship as an elective.
 - d. The International Exchange Programme must consist of at least 20 EC. In case the courses of the International Exchange Programme do not add up to 20 EC, the International Exchange Programme will not be registered as part of the degree programme, not as an International Exchange Programme nor as separate electives.

In case no choice is made, the electives – other than the International Exchange Programme – will be chosen in chronological order.
 - g. The appendix to this Regulation specifies the various combinations possible within Trimester 7.

Article 2.4 – exemption from mandatory practical exercises

In exceptional cases such as a functional impairment, the Examination Board can grant exemption from the obligation to take part in a practical exercise. In that case, the Examination Board can decide that the practical exercise should be carried out in another way, to be determined by the Examination Board.

Article 2.5 – RSM Honours Programme

1. Next to the degree programme, the RSM offers an extra-curricular *RSM Honours Programme* for outstanding second-year students. The admission to the honours programme is selective. The selection procedure is transparent and published on the [RSM's current-students-website](#). Completion of the programme will be awarded with 15 extra-curricular EC. These credits will be listed on a separate certificate.
2. Extra-curricular courses do not count towards the degree programme and thus will not be stated on the grade list of the degree programme. The grades for these courses thus do **not** count towards the GPA that is listed on the grade list of the degree programme.

⁹ The student must file a request for this separate transcript at the ESSC

Section 3 – Taking Examinations

Article 3.1 – time periods and frequency of examinations; written test schedule; resits and extra exam opportunities

1. The opportunity to take written tests (except for bonus tests) as referred to in Article 1.3 is given twice per Academic Year: a regular test and a resit. The other test types as referred to in Article 1.3 can be taken at least once per year.
2. By way of derogation from paragraph 1 second sentence, for any component of the assessment counting for a significant part (50% or more of the grade), a resit or a reasonable improvement option¹⁰ should be offered.
3. An improvement option is only granted for failed components graded from 3,5 up to and including 5,4. The maximum grade for the improved component is a 5,5 (except for the Bachelor Project).
4. In the event a course for which the instruction is the last to be taught in a specific Academic Year, the tests belonging to the course will be given in the subsequent Academic Year: written tests at least twice, other test types at least once. Tests that cannot be offered again due to the nature of the test are tested in an alternative manner, taking into account the learning objectives of the examination part.
Courses that belong to the B3 Elective space/Trimester 7 elective options are exempted from this rule: there will be no opportunity to resit these courses in the following academic year or thereafter.
5. With due observance of the provisions of the first paragraph, the student may retake a passed written test in the same Academic Year if a resit opportunity has been scheduled in the official exam timetable. The result for the test is established on the *highest test result* obtained.
As long as a student has not yet passed all courses of the degree programme, the student may improve the grade of a passed course in a following Academic Year; in that case the student must redo the whole course including all tests. The final result for the course will be established on the *highest result*¹¹ obtained. If the material to be studied for a course has changed, the subsequent tests will reflect the new material.
6. Without prejudice to applicable regulations regarding a period free of examinations, and with due observance of the other provisions set out in these regulations, and of the R&G established by the Examination Board, the Programme Director establishes a written test schedule before the start of the academic year. In the event of urgent exceptional circumstances, the Programme Director can change the written test schedule during the academic year, provided that the change is announced no later than the start of the registration period of the examination period concerned, via appropriate channels such as Canvas.
7. In exceptional cases the Examination Board can, at the request of the student, decide that an extra opportunity to take a test will be offered, in derogation from the schedule.
8. If no indication is given in these regulations concerning how many times per academic year an examination can be taken, because that examination relates to an examination part that is not taught in the programme, the provisions on this matter in the relevant Teaching and Examination Regulations are applicable, unless the Examination Board has made a decision in derogation from these, on the understanding that it must be possible to take the examination at least once per academic year.

Article 3.2 – form of the examinations

1. The examinations of the programme are taken according to the test types described in Article 1.3 sub h. of this regulation. Furthermore, attendance requirements may be set as a prerequisite for assessment, provided that this is well substantiated by the examiner and published in the course manual. At the request of the examiner, the Examination Board may allow deviations from this rule.

¹⁰ The exact content of the resit or improvement option is at the discretion of the examiner. The examiner must include the rules for an improvement option in the course manual.

¹¹ Final grades from before 1 September 2018 will only change in case a student improves the final grade with a retake of the course *after* September 2018.

2. If the Examination Board decides that the form as referred to in the foregoing paragraph shall be different, it will announce this to the students, if possible, no later than two months before the examination is to be held.
3. The elaborations in the form of the examinations as referred to in paragraphs 1 and 2, stated in the most recent version of the Canvas course manual for each course, constitute an integral part of these Teaching and Examination Regulations, without prejudice to the other provisions set out in these regulations.

The Examination Board will archive the recorded file for two years after the assessment, or seven years in case of the BSc project (new style) or Research Training/ Bachelor thesis (old style).

 - a. The ultimate deadline for provisional grades is 15 working days after the examination/test for B1 courses and 20 working days for B2 and B3 courses. Provisional grades must be communicated via Osiris.
 - b. The ultimate deadline for registration in OSIRIS of the definitive grades is 40 working days after the examination/test.
 - c. In case a resit takes place within a period of 45 working days after the original examination/test, the ultimate deadline for communicating and registration of the definitive grades is ten working days before the resit date.¹²
2. In deviation from paragraph 1 of this article, the examiner(s) determine(s) the result of an oral test immediately and give(s) the student a written notification of the grade.
3. In the event of *force majeure*, the Examination Board can permit derogation from the deadlines mentioned in the foregoing paragraphs.

¹² This is the case for the resits of B1 block 4: the resit dates are 4 weeks after the regular written test dates.

4. The Student Administration checks compliance with the marking period, and in the event that it is likely to be exceeded, reports this in good time to the Chair of the Examination Board.
5. The examiner reports the result to the Student Administration which then informs the student of this in writing.
6. The Student Administration and/or the examiner is responsible for recording the results of exams and examination parts. The Student Administration (also) records what certificates have been presented to a student. No information about recorded data, with the exception of data about the certificates awarded, is given to anyone other than the student, the Examination Board, the Directors of the programme, the Executive Board, the student advisor, the student counsellor and the Examinations Appeals Board (CBE). With the permission of the student, there may be derogation from the provisions set out in the last sentence.
7. The involvement of the Student Administration as referred to in the previous paragraphs is without prejudice to the provisions in this matter determined by the Executive Board.
8. The written explanation concerning the result of an examination contains information about the way in which the student can lodge an appeal with the Examinations Appeals Board (CBE).

Article 4.2 – Validity term of assessments

1. The validity term of assessments attained – including components taken elsewhere that have been approved as part of the examination programme and exemptions granted – is unlimited.
2. On behalf of the Executive Board, the dean can only limit the validity term of assessments if the knowledge, understanding or skills assessed are demonstrably outdated.
3. In an individual case, the examination board may extend the validity term limited pursuant to the second paragraph. With regard to an examination component of which the validity term has expired, the examination board may designate a replacement examination component or impose an additional or replacement assessment before the student is admitted to the examination.
4. When limiting the validity term in accordance with the second paragraph, special circumstances will reasonably be taken into account. Special circumstances must be reported to the student adviser in good time. 'In good time' means they have been reported four weeks after the start. When the examination board extends the validity, account will reasonably be taken of the extent to which the special circumstances affected the limited validity term being exceeded and the duration of the financial support granted on the basis of the Profiling Fund Regulations will be taken into account.
5. If the examination of a course is composed of more than one test, the term of validity of each test shall be limited to the academic year in which the tests are taken. In exceptional circumstances, upon substantiated request of the examiner, the Examination Board can approve derogation from this rule. Approved derogations must be explicitly mentioned in the course manual.

Article 4.3 – debriefing session and perusal

1. Students are entitled to receive standardized feedback on the completed assessment as soon as possible but no later than five working days before the perusal takes place. Examiners are permitted to arrange this feedback via a plenary debriefing session or post the standardised feedback on Canvas. The feedback is considered a learning opportunity for students.
2. The standardized feedback students are entitled to as referred to under 1 consists:

3. Upon the examiner's request, the Examination Board may grant the examiner an exemption from posting the exam questions and/or model answers on Canvas in the event of important reasons.
4. Students have the right to peruse their individual results and therefore a perusal should be arranged no later than seven working days after publication of the provisional grades.
5. The perusal takes place in principle on the basis of a (digital) copy only. A paper copy may be charged at cost price. The examiner may determine that the perusal is only for students who

registered for it and/or who have attended a debriefing session (applicable to non-digital perusals). The examiner sets the date, time, location and procedure of the perusal. In case of a digital perusal, the duration of the perusal opportunity spans at least a workday (eight hours). In case of a 100% multiple-choice test and the questions, answer key and multiple-choice answer forms are available to the student, the examiner is exempted from organizing the perusal.

6. A perusal gives students the opportunity to check whether the examiner made no obvious mistakes such as forgot to assess a part of the test or made an erroneous addition of the number of points given when assessing the (sub) questions. A difference of opinion about (the application of) the answer indication, for example the number of points awarded to one or more (sub) questions, is not regarded as an obvious error. Students must understand that a perusal is not a negotiation opportunity.
7. In the event that a student can demonstrate that the student was prevented from being present at the assigned location and time for a debriefing session or perusal due to force majeure, at the request of the student an alternative opportunity will be offered.

Article 4.4 - archiving period of written tests and final exam

2. The Dean is responsible for the study counselling of students who are enrolled for the programme, partly to assist their orientation towards possible study paths within and outside the programme.

Section 9 – The Binding Study Advice ¹⁵

Article 9.1 – Binding Study Advice (BSA), BSA-norm

1. On the grounds of article 7.8b, paragraph 3 of the Act, on behalf of the Dean, the Examination Board issues a binding study advice at the end of the study year, as long as the student has not yet passed or has been exempted from the first-year phase (B1) of the programme.
2. Unless otherwise mentioned in this TER, at the end of the first year of enrolment all examination parts of the degree programme of the first year (B1) must have been passed. In this regard, exempted or compensated parts are considered to be passed.
3. When a student fails to comply with the binding study advice norm as referred to in paragraph 2 of this article, the student will receive a negative binding study advice, which means the student is prohibited to further studies. This rejection is given only if the student, with due consideration of their personal circumstances as referred to in Article 9.3 paragraph 2, is regarded as not suited for the programme. This prohibition is valid for a period of three academic years. If, after the end of this period, an older style programme student re-registers for the programme, in derogation from Article 2.3b, par. 1 or Article 2.3c, par. 1 of this TER, the student must follow the new style programme (Article 2.3a, par. 2).
4. The binding study advice shall be issued after the last re-examination of the examination parts of the first-year phase (B1) at the end of the academic year, before the start of the new academic year. In case of personal circumstances, the Examination Board may postpone the binding study advice until the end of the second year of enrolment, before the start of the new academic year.

Article 9.2 – student counselling and monitoring of students' progress

1. During the first year of enrolment, the Examination Board issues on at least two occasions – from which at least one occasion before February 1st – a provisional binding study advice regarding continuation of studies to those students who, on the grounds of the number of passed courses, are not expected to fulfil the norm stated in article 9.1, paragraph 2 of these regulations.
2. The further regulation of student counselling and monitoring of students' progress during the first-year phase (B1) is described in the Undergraduate Course Guide for the programme.

Article 9.3 – exception to the BSA-norm in case of personal circumstances

1. On behalf of the Dean, the Examination Board can adjust the norm as referred to in article 9.1, paragraph 2, on the base of an individual study plan, provided that the student must pass all examination parts of the degree programme of the first year (B1) at the end of the second year of enrolment.

The Examination Board shall decide as soon as possible, but in any case, within 20 working days after submission of the individual study plan, taking into account the circumstances, the study delay and the possibility of the student to continue the programme. In case the development of

¹⁵ In case of an exceptional situation, the regular BSA-norm can be adjusted for students from the 2024-2025 cohort. The norm for this cohort can be adjusted downwards at the end of Academic Year 2024-2025. For full details, reference is made to the [RSM website](#).

the personal circumstances gives cause to, the Examination Board can adjust the individual study plan and the norm on motivated request of the student and after consultation with the student adviser.

The adjusted norm will be expressed in whole EC credits or number of courses, specifying the period within which the adjusted norm must be met.

2. The personal circumstances that are taken into consideration when the recommendation regarding the continuation of studies is issued are:
 - disease, sickness, functional impairment, or pregnancy of the student concerned;
 - special family circumstances;
 - membership of the University Board, the Faculty Council or the Programme Committee;
 - other circumstances as referred to in article 2.1 of the Implementation Decree of the Higher Education and Research Act (*WHW*).
3. A student who, as a result of personal circumstances, can reasonably be expected to incur prolongation of the programme must report this in good time to the student adviser. The purpose of this report is to restrict the prolongation of the programme as a result of the circumstances and, if necessary in the opinion of the student adviser, to formulate an individual study plan. The report is made in good time if it is made within four weeks of the commencement of the circumstances. If the circumstances are such that the student or the manager of the student's affairs does not have the opportunity to report this within four weeks, the reporting in good time or otherwise will be assessed in the light of those circumstances.
If the individual study plan also implies that the first year (B1) cannot be completed within the first year of enrolment, then the individual study plan needs to be submitted to the Examination Board for approval no later than two weeks before the end of the first academic year.

Article 9.4 –derogation from the BSA-norm in case of hardship

1. In case a student fails to comply with the binding study advice norm as referred to in Article 9.1, paragraph 2 and Article 9.3 is not applicable, but at the same time application of the norm as referred to in article 9.1, paragraph 2, would be onerous because it cannot be sustained that the student must be regarded as unsuited for the programme, the Examination Board can derogate from the norm on behalf of the Dean. For the purpose of this hardship exemption, the Examination Board will take all students (freshmen only) with one non-compensable insufficient grade or two fails into consideration at the end of the academic year, but no later than the start of the new academic year. Decisive factors for application of the hardship exemption are:
 - the student must have participated in all exam opportunities,
 - the average grade, and
 - the overall picture of the study performance of the student.
2. If application of the rules of this Section results in any other way in unreasonable or unfair situations with respect to the student or a group of students, the student or group of students concerned may submit a written and reasoned and substantiated request for derogation from the said rules to the Examination Board. On behalf of the Dean and after consultation with the student adviser, the Examination Board can derogate from these rules in favour of the student or group of students.
3. Students who may continue their study on the basis of hardship will receive a definitive binding study advice at the end of the first year of enrolment, before the start of the new academic year. However, they still must complete B1 before they may pass the final exam (with the application of the compensation rule).

Article 9.5 – content and form of the binding study advice

The binding study advice is issued by e-mail (student account address) and contains:

- a. the norm that applies for the student concerned, expressed in the number of EC and/or courses of the first-year phase (B1) to be obtained;
- b. the number of credits and/or courses of the first-year phase (B1) obtained;
- c. if the norm has not been met, the personal circumstances that have been taken into consideration;
- d. whether a rejection has been asserted (i.e. negative binding study advice), as referred to in article 7.8b, paragraph 3 of the Act;
- e. in case of a negative binding study advice:
 - the information that the student may not enrol as a student or external student for the programme for the next three academic years,

Article 10.4 - hardship clause

In very exceptional individual circumstances, in which application of one or more of the provisions set out in these regulations leads to evidently unreasonable and/or unfair situations with regard to a student, a student can submit a request in writing, and with reasons, for derogation from the said provision(s) to the Examination Board. The Examination Board may, after consulting the relevant examiner(s) and the student advisor or student counsellor, derogate from the said provision(s) in favour of the student. A decision to reject the student's request will not be made by the Examination Board until the applicant has been given the opportunity to present their case, if this is requested.

Article 10.5 – announcement

The dean is responsible for an appropriate announcement of these regulations and of amendments to these documents.

Together, Rotterdam School of Management and Erasmus School of Philosophy offer a Double Degree in International Business Administration and Philosophy. Students in this programme obtain two degrees in four years: a Bachelor of Science (BSc) in International Business Administration and a Bachelor of Arts (BA) in Philosophy of a specific discipline.

2. Programme lay-out

The Double Degree with Philosophy curriculum contains 90 European credits (EC) with the possibility to use the minor (15 EC) for both the Bachelor's in International Business Administration and the Philosophy programme. The obtained grade for the minor counts towards your GPA.

For the International Business Administration programme, students are required to complete 30 EC in elective credits. Students of the Double Degree programme can obtain these credits by following the minor at Esphil (First Things: The Power of Philosophy or Doing Philosophy of Science) and they are exempt from obtaining the remaining 15 EC. To get this exemption (which will not count towards your GPA), students are obliged to submit a request through [Osiris Case](#). It is important to submit this request to the Examination Board timely, in order for them to officially grant and process the exemption in time.

Students will write a thesis for ESPhil only. At RSM, they will complete a track by conducting the Bachelor Project.

3. Practical

To avoid overlap with lectures and seminars of the Bachelor of International Business Administration, most lectures of the Philosophy curriculum are scheduled in the evening.

4. Application, tuition

Students who have successfully completed the first year of their Bachelor's in International Business Administration can apply for the Double Degree with Philosophy. There are no additional tuition fees as long as you follow a bachelor or master programme at Erasmus University Rotterdam. In case students finish their Bachelor's in International Business Administration before finishing the Double Degree with Philosophy programme and do not enrol in a Master at a Dutch university they will pay the institutional fee, that equals the statutory fee (€ 2.530,- in 2024/2025).
